Capacity Audience Attends Baccalaureate

A words picture against a background of understandable and everyday life in which "great faith in God" and "a desire to be of help to humanity and God" will be effective with "a dare to set forth to conquer ignorance" was effectively left by Lee D. Rustin, pastor with a capacity audience and the largest graduating class of record from Belle Glade High School Sunday night at the Community Methodist Church.

His sermon and pointed lessons were given in booklet form I could see the sky come down to each graduate, and the suggestion is made that the sermon be kept with the "sheepskin" to be perused often, studied regularly and contemplated in the vacuums of purpose as they occur in all stages of a lifetime. The lesson and lessons may be outlined in the following quotes of the address:

"It is a small world into which each of us is born—, as we grow in body and limb we begin to grow in mind and spirit of adventure—, we learn many things and are limited only by our curiosity to discover—, and then one day we may find God as we see the beauty in a sunset, or smell the fragrance of a flower, or listen to a great organ in church."

"If you plan to attack the other ranges of life you will need great knowledge which will be your tools; great faith (Continued On Page 8)

coming year, "Dimensions in Democracy" Miss Krauss challenged the members to greater effort with the reminder that "the hour is late."

She pointed out that women need to reemphasize their roles of responsibility in our way of life. "What are your dimensions, your potentialities in the way of life we cherish?" she asked. "Our goals that we share, plus history we enjoy, will determine future dimensions in democracy. They lie in utilization, individually, of every person's democracy makes for the elevation of standards for women who work, for broadening of interests, for deepening of knowledge, for expansion of opportunity."

Urging members on to greater effort she reminded them that the first stake in their community must be firmly felt, understood and strengthened; next, the extent of a woman's knowledge and understanding on the global level determines how strong is the public image of the woman.

Miss Krauss challenged the group to "Make Patriotism New again in the heart of the citizen."

Nine Precincts Proposed In Revision For Glades

The Precinct Planning Board for Palm Beach County proposes four voting precincts in the Belle Glade area as follows:

High School Gym (2), Lake Shore High School (1) and a new one at the Glades Office Building.

Lake Horton, South Bay and Canal Point retain one precinct while Pahokee has two.

It is proposed that a precinct have no less than 800, nor more than 2,000 registered voters, where practicable.

Feeder Calf Board Sale Planned For August 14

George Young Manager of the Glades Livestock Market announces that Monday, August 14th is especially marked on the calendar at the market as Feeder Calf Day.

Mr. Young says, "Mr. Stitt of Cleveland will again sell his fine calves by board sale; the ZI Clear Ranch and the U. S. Sugar Corp., were indicated that they would also have calves for the Board Sale."

Many out-of-state buyers are expected and George wants lots of calves to show them.

Last Market Report Comes Next Friday

Mr. G. F. Pittman, Market Specialist of the USDA is closing his local office after Friday issue of his report. He will open an office in Spartanburg, S. C. for the peach season there.

Mr. Pittman's annual report will be released today. The local office will be opened in late October for the next vegetable season here.

Drama Of Errors Picks Henry Watson As Fatal Knife Victim

Bill Shakespeare put a fling at fancy in his story dealing with errors, and writers since this time have dreamed to create fanciful circumstances; but, we've got one here that makes us shudder, judges, police, and even you and I, scratch in places most commonly used to relieve the mind of its complexity.

In an ordinary Saturday difference of opinion resulting in fast wielding of cutlery of standard variety in such social events, Bobby Kinsey "sold out" down the street, with Isaac Pierce and his "hot fat" after him.

Just after Kinsey passed a bar and eating place, Henry Watson snatched on the street contemplating the early use of his own bed, Hughley heaved a rock at Kinsey who hit Watson, who immediately sensed enmity from the two characters.

Isaac Pierce and his "hot fat" after him. Kinsey, hearing fast-falling words, snatched his "hot fat" and "took off" away from them.

Swimming Lessons To Start June 26

So that there will be no conflict with the Vacation Bible School programs of the Churches, swimming lessons at the Municipal Pool will not start until June 26, 1968.

Principal Pellon Morris in his letter, last week, to the members of the Chapter and the outstanding work of the advisory council. Among the out of town guests present were Supt. of Public Instruction Howell Watkins of West Palm Beach, Principal Frank Hobson of Fort St. Hill High School West Palm and his guest, Bobby Riggs, athletic director.

Glades Elks Join In Flag Day Service

B. E. Weeks, Exalted Ruler of Belle Glade Elks Lodge, today called for a community-wide renewal of allegiance to the Stars and Stripes on Flag Day, June 14.

"When we pledge allegiance to our flag, we know that it is one nation, under God, recognizing that we are endowed with freedom by our Creator," Exalted Ruler Weeks said.

We also recognize the Stars and Stripes as the symbol of true love of our fellow men, and it is only through that love that the world can be saved from the destruction of nuclear warfare."

Exalted Ruler B. E. Weeks invited all citizens to join with the Elks on June 14 "in a patriotically and spiritually inspired day of dedication to our flag and the great American heritage of freedom which it represents, a freedom which we hope all mankind will enjoy."

F. Lester Clarke was appointed by the Elks leader as chairman of a committee to plan the lodge's Flag Day program, which will be open to the public.

According to Mr. Weeks the Belle Glade Lodge will be a-mong more than 1,950 Elks Lodges in all parts of the country paying tribute to the flag on the 14th anniversary of its adoption by the Continental Congress on June 14, 1777.

This year, the service is being held at 8:30 p. m. at the Elks Lodge. The public is invited to the Clewiston Lodge, Wednesday, June 14th at 8:30 p. m. for a most interesting program.

National Guardsmen from Glades communities under the command of Lt. Charles Padgett, the 131st Pipeline Platoon from Belle Glade — joined several other Guard units Sunday, June 4 at West Palm Beach to stage a formal review in honor of Col. O. W. Hartwell, former commander of several South Florida Guard units.

The review, arranged as a surprise performance for the now retired Hartwell, was arranged by Lt. Col. Enoch Hunt, commander of the 160th Transportation Battalion, a unit which succeeded a number of Infantry Battalion which Hartwell organized after World War 2 and still includes several of the old infantry companies.

The parade and unveiling of a large portrait of Hartwell which will be hung in the West Palm Beach Armory, was staged in recognition of Hartwell's more than 30 year career in the service, for his sincere devotion to duty and for establishing and outstanding example for men to follow.

Hartwell, now assistant postmaster at West Palm Beach, joined the National Guard in 1930. He rose to the rank of Lt. Colonel and Battalion Commander overseas in World War 2.

After being released from active duty, he re-organized the Guard at West Palm Beach, forming an Infantry Battalion which he commanded from 1947 to retirement in 1957. Company

Farewell Supper Honors South Bay Pastor And Family

The Rev. and Mrs. L. C. Woolridge and their family were honored at a pot luck supper at Jeffries Memorial Park by the First Baptist Church of South Bay.

Rev. Woolridge has resigned after four years of service in the community and will leave to take over as pastor of the Hopewell Baptist Church, Plant City. Holding high positions in his church work, Rev. Woolridge has also been active in community life as well as has worked on the church and grounds. His leadership will be a loss to the community.

Mrs. Woolridge, always the competent helpmate, has built an enviable position in the hearts of the local congregation as well as the community. She has been a teacher and participated in the entire church program, as a citizen and not as a fellow church member. Everyone in the community wishes them well in their new field of service, as they know the new field will benefit, as has South Bay from their effective ministrations.
The W. M. U. Circles presented Mrs. Woolridge with a Burvo wrist watch, the young people of the community gave Linda personal gifts and friends of the community gave monetary gifts to Rev. Woolridge in appreciation for his services to the community.

Ernest Amedee Installed Holy Name Society Pres.

Ernest Amedee of Belle Glade was installed president of the Holy Name Society at a dinner and installation service conducted at the Community Building in Canal Point, Wednesday evening.

Other officers installed were Arthur Gabaldon, P. Pahokee, Vice-president; Pete LaChance of Belle Glade, treasurer; and Robert R. Hunt of Pahokee, secretary.
Dinner was served to approximately 40, including the families of members and guests at ending.

Lutheran Vacation Bible School Begins June 12

Beginning Monday, June 12th the Daily Vacation Bible School will hold its daily sessions under the superintendence of Mr. Dallas Nehls. In previous years these sessions were always well attended and this year is expected to be no exception. The sessions will begin at the hour of 9 a. m. and will be held where he will be on the staff of the Baptist Assembly, for the summer.

"A Royal Invitation Which Many Refuse" will be the subject of the sermon discourse to be delivered Sunday, June 11 at St. Peter's Lutheran Church. The preacher will be the Vicar, Rev. August Koerber. The hour of worship is 10:30 a. m.

Jehovah's Witnesses To Attend Assembly In N. Y. June 20-25

According to Mr. James Gwin Zea, Presiding Minister of the local congregation of Jehovah's Witnesses, travel arrangements have been completed for ten delegates to attend the "United Witnesses Assembly" at Yankee Stadium, New York City, June 20-25.

Mr. Zea said that most of the local residents who plan to attend the convention will be leaving on June 17th so as to arrive in time to get in their accommodations and attend the opening session of the convention. Many of the delegates will stay in private homes in New York.

He reported that members of the congregation had made up 3 car groups for the trip to New York.
According to Zea convention sessions will provide practical instruction in Bible teaching methods, and give down to earth discussion of the application of Bible principles to every day living. Mr. Zea said that among the 70,000 expected to attend will be delegates from every country in South and Central America, Canada and the Islands of the Caribbean.

Mr. Zea said that the convention highlight will be a public discourse by Nathan H. Knorr, President of the Watchtower Bible and Tract Society, New York, June 25th, on the subject "When All Nations Unite Under God's Kingdom."

Church Of Christ Scientist

The mental nature of fatigue will be explained Sunday in a Science services Sunday in a Lesson-sermon on the subject "God the Preserver of Man."
Isaiah's comforting assurance of divine strength will be read from the Bible (Isa. 40): "They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."

A correlative selection from "Science and Health with Key to the Scriptures" by Mark Baker Edy states in part (p. 217): "The scientific and permanent remedy for fatigue is to learn the power of Mind over the body or 'illusion of physical weakness, and so destroy this illness, for matter cannot be weary and heavy-laden.'"

The Golden Text is from the first chapter of Joshua: "Be strong and of a good courage; be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest."

Scientists Stress Greater Spiritual Alertness Needed

Greater spiritual alertness is needed to meet the unprecedented challenges and opportunities presented by the tremendous upheaval in the world today, The Christian Science Board of Directors said.

In a special message to the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, held in Boston, Mass., on June 5, the Directors called for renewed vigilance on the part of all who cherish freedom, brotherhood, and Truth.

"Among the stirring headlines of our day," they said, "there is no man the Christianity which our Master taught and practiced. In an age of political tyranny and ecclesiastical despotism, of turbulence, unrest, and hatred, Christ Jesus came preaching that the kingdom of God is at hand. He wielded a power which the might of materialism could neither parallel nor resist."

In our own age, material limitations are yielding to the freedom-giving power of God, infinite Spirit, the Directors maintained.

"Humanity is crying out," they said, "for freedom. Peoples are clamoring for liberty; nations are being born; the barriers of time and space are crumbling. . . . In the fields of religion, government, education, discovery, invention, industry, and medicine, matter is slowly yielding to spirit."
Named President of The Mother Church was Mrs. Mary Lee Gough Noy, a Christian Science teacher and practitioner of Boston, Mass. She succeeds Arthur W. Eckman, General Counsel of The Mother Church.

Mrs. Fair Reviews Book On Community Missions

The Fay Taylor and Josephine Ratley Circles of the Women's Missionary Union met jointly at the youth building of the First Baptist Church at South Bay.

Mrs. Bertis Fair, missionary to migrants, reviewed the book on Community Missions. The ladies presented Mrs. L. C. Woolridge, the pastor's wife a wrist watch, in appreciation of her work in the church during the four years she has been here. The Woolridges are leaving to talk over another pastorate.

Punch and cake was served to twenty-eight ladies following the meeting by the hostesses Mrs. F. W. Kelly, Mrs. Riley Foster, Mrs. Alfred Lamoureux, Mrs. James Martin and Mrs. Edwin Leathlean.

'61 Fla. Legislature Favored Safety Law

The Florida '61 legislature is described as one of the "most sympathetic and productive in history" according to news release by the A.A.A.

Licenses will be issued on month of birthday and every two years;
Signals will exhibit red, amber and green in descending order and be installed complete in state by '63;

Driver Education, has been additionally subsidized by the added 25c to license;
School Signs will be a state-wide standards with County School Superintendents setting time of effective speed limits;
Point System has been revised to eliminate the possibility that habitual violators might be convicted 8 or 10 times during a three-year period and not be subject to suspension; a driver must be convicted of violation before suspension of license;
Accident Reports of all accidents involving \$50 damage must be made immediately, but suspension of license must wait conviction.

ASC '61 Apps. Ready '60 Program Completed

Land leveling, ditching, establishment of permanent cover crops, as well as the installation of ponds in some areas are done on Palm Beach County farms under the guidance of and with the financial help of the Agricultural Conservation Committee.

Some 35 percent of the farmland and 17 percent of the crop land in this county is covered under one or more of these various programs, with county farmers receiving some \$89,403 in 60 to a total of 119 farms.

Our county committee announces that less than half of the total cost was borne by the government in this effort to increase the extent and speed of conservation measures necessary for maintaining the capacity of our farms.

Those who wish to participate in the '61 program may secure necessary forms and information from the ASC office, 531 North Military Trail.

City Clerk Vera Jones Returns From Big City

Mrs. Vera C. Jones, City Clerk returned to her desk Monday after a three weeks combined business and pleasure trip attending the 15th Annual Conference of the International Institute of Municipal Clerks at the Hotel Manhattan in New York City.

Three hundred and twenty-five registered representatives every state in the Union with 8 from Hawaii, 2 from Alaska and 30 from Canada.

The Hawaiian delegation presented native orchids to each lady at the "Get Acquainted" reception the first day. Mrs. Jones distributed 100 Belle Glade Brochures prepared by the Belle Glade Chamber of Commerce together with 100 Belle Glade "Bucks" which caused much comment.

The welcoming address was given by the Honorable Abe Stark, President of the New York City Council.

Entertainment planned by the Conference Chairman, Deputy Clerk of New York City, was highlighted with a three hour Boat Cruise around Manhattan Island.

Mrs. Jones spent several days in New York after the conference ended and then returned to St. Augustine to attend the graduation of her nephew, Paul Andrew Emery, from St. Joseph Academy. Paul returned to Belle Glade with his Aunt and will remain until fall at which time he will enter St. Johns River Junior College to study law.

Mrs. Jones states she enjoyed every minute of her trip, but says a visit to a big city makes one realize what a wonderful city Belle Glade is.

Boat Owners Must Register Transfers

Attention all boat owners in Florida, the State Board of Conservation draws attention to the fact that any person having purchased or is purchasing a boat that has been previously registered from another individual or dealer must make application for transfer of ownership.

It is pointed out that this application must be made before July 1, 1961, so that the boat owner can re-register his boat for the next year.

Applications for transfer of ownership may be obtained from any local Conservation Agent or Tax Collector in counties where the owner lives. Agents or Tax Collectors will advise the necessary fees.

don Military Academy. Enroute to the Drill Exercises program a car behind them pulled out of line and as they were passing another car, Charles, who was driving the car swerved, to the side of the road to avoid an oncoming car, hit the road shoulder and careened into a concrete bridge.

They received emergency treatment at Griffin Hospital, but were all unable to attend the school program.

Another classmate and his parents in the car directly behind the Lutz family, reported it was only due to the quick thinking of Charles in handling the car that they escaped going over a 50 ft. embankment.

The teen-age boys driving the car that caused the accident sped on and had not been located when Mr. and Mrs. Lutz returned home by bus Monday evening. Charles remained until the car is repaired.

Uncle Dan From Democrat River

Dear Mister Editor:
I was reading some figures last night by a column writer for the Associated Press showing the awful price the world is paying on account of Russia trying to get the upper hand all over the globe.
This feller said \$14 million a hour is being spent in the world on weapons and armed forces ever hour round the clock, with the United States and Russia spending 73 percent of it. The piece went on to say that it's costing \$40 a year for ever man, woman and child in the world, including the millions in China and India. This feller figured out that this money would furnish housing for 240 million families, or provide food and medical care for three billion people. And it looks like Russia has got us on a treadmill. We can't get on to quit and we can't quit till they do. Looks to me like sooner or later the hole is going to get bigger'n the doughnut.

I won't know what the answer is, Mister Editor. About half the world seems to be working on the solution and the other half is part of the problem. This is getting too complicated for me anymore. For instance, I see where they are predicting that in 20 year houses will be made out of plastic won't rot, won't need paint. Cars will have turbine motors and tires will last 100,000 miles. Sidewalks will have moving belts so a feller can stand still and get there just the same. Electronic stoves will get dinner ready in

three minutes, and food will be kept market fresh for a whole year by radiating it, whatever that is. And to put the stopper in the jug, Time Magazine predicts that after long women's girdles will be sprayed on from a can.
At my age, I ain't liable to make it another 20 years, and know if I could stand so much progress in such a short time. I was raised up in the rocking chair age and as a feller, I'm older he ought to worry about life on account of they being less of it to worry about. With things in such a mess, I'd just like to take me a vacation, that is, if I could get up the collateral or find enough to signers. But I reckon I'll just take my vacation as usual, setting up at the country store and enjoying hearing about my neighbors trouble. Don't me a cent and always leaves me relected to know I ain't suffering alone.
Yours truly,
Uncle Dan

100 Years Have Past Since...

CONFEDERATES DEFEATED IN FIRST LAND BATTLE
Jefferson Davis arrived at Richmond 100 years ago this morning. The Confederate government in its new capital, but even as he rode through cheering crowds in Richmond, Yankee soldiers were pushing their way across the mountains of western Virginia to inflict his army with its first defeat.

It was the morning of May 29 when President Davis' train arrived, and the reception, some one said, was a welcome to a second George Washington.
A 15-gun salute was fired. A delegation of notables met the train (General Lee, however, was in northern Virginia, preparing for a feared invasion from Washington). Thousands cheered and waved rode through town in a four-horse carriage. Davis was escorted to his quarters at the Spotswood Hotel, where he made a short speech. Then, after visiting his quarters, he went to the city's fairgrounds for demonstrations of enthusiasm from the soldiers

encamped there.
Retreat from Gettysburg
But while the Confederate troops at Richmond cheered, others were pulling back from the little town of Gettysburg, what is now West Virginia. Their commander, Colonel George A. Porterfield, was being threatened by advancing federal troops from Wheeling and Parkersburg.
The Union troops had been ordered forward by General Robert B. McClellan to occupy the important Baltimore & Ohio railroad in western Virginia and attack Porterfield if they deemed it advisable.
Porterfield, with about 500 untrained, mostly unarmed men, retreated to Phillip, about 15 miles south from Gettysburg, and the federal commander by Colonel Benjamin F. Kelley, arrived at Gettysburg on May 30. Kelley immediately made plans to follow and capture Porterfield.
On the night of June 2, thirty nine federal companies moved out in two groups, one to bombard Phillip from a raft, the other to divide into two sec-

tions to occupy the town and cut off retreat. Everything was timed to begin at 4 a. m. June 3, with a pistol shot as the signal.
Heavy Rains
But things went wrong. A rain started and grew heavy during the night. The companies under Kelley became mired in mud and were late arriving in two women tipped Porterfield of the attack and a third, Mrs. Humphry's firing, which the federal took to be the signal shot, started the battle; Confederates began streaming from the town southward in retreat. Kelley, following the retreat, fired at one Confederate who turned and shot Kelley in the chest.
Kelley, who survived to fight on through the war, apparently was the only Union casualty. Records show two wounded Confederate boys were the only Confederate casualties (both were hit in the leg, and they are believed to be the first two soldiers of the war to lose limbs by amputation). Porterfield made good his escape, and that was the "Battle of Phillip," which made headlines through out North as a great federal victory. Despite all, the battle had important effects: it hastened and inspired the people of the Union; it held the B & O in Union hands west of the Alleghenies and it started McClellan's climb to power.

Report Of Evaluation Committee

BELLE GLADE JUNIOR-SENIOR HIGH SCHOOLS

(Editor's Note): The reports of this two score of authorities composing the Committee, we believe, should be a matter of concern for all parents. We will present them each week until each subject is covered.

School and Community

1. Commendations

1. The Belle Glade Junior-Senior High School has reason to be proud of its student body. The students are friendly and cooperative. Friendliness among the students and faculty is a prominent characteristic of this school. The students are justifiably proud of this fact which tends to create high morale among the students, excellent reputation and a high sense of pride in their school.

2. The recently initiated self study of the pupils activities program has been pursued vigorously and realistically by the local faculty committee. We urge that this committee continue to function in trying to implement and to insure that the future programs of this school continue to meet the needs of the students.

3. Faculty, administration and student interest in a more adequate student activities program is obvious and continued emphasis is encouraged.

4. You are to be commended on the quality of the school assembly programs presented during this school year.

5. Upon making the Student Council an integral and important part of the activity program.

6. We would like to commend the school on the excellent interscholastic program of physical activities for boys and the high percentage of participation in this program.

7. The music program is developing satisfactorily, but because of scheduling difficulties and insufficient staffing there are no extra-class music activities.

The School Annual is a very good publication showing extensive participation and planning by the people involved in the

preparation of this publication. In general the student activities program at Belle Glade Junior-Senior High School is substantially established and is continuing to develop. As a means of continuing this program and furthering its improvement we would like to make the following recommendations:

1. The visiting committee feels that the pupil activities program should provide personal and social experiences, which supplement and enrich the classroom activities. It is recommended therefore that some additional subject matter related clubs be added such as Science Club, Math Club, Foreign Language Club, Nurses Club, etc.

2. Consideration should be given to starting a school-centered community recreation program, operating the full year. Joint use of school and city recreational facilities should be encouraged.

3. It is recommended that a coordinator of pupil activities be assigned to this program. Pupils should be included in a governing body to determine the value and need for new activities.

4. The Student Council is doing a good job. However, other clubs are not always aware of what the Student Council is doing at their meetings. We recommend that a special effort be made by the Council to keep all students informed of its activities through better reporting to the home rooms. Home room teachers should give support to the council in helping them communicate with the students in general.

5. The council should initiate a program for orientation of new students to the school program.

6. Student Council should function more effectively as a link between the students and the school staff. Better communications between the students, faculty and administration is recommended as a possible means of improving this problem.

7. The students demonstrated to the committee a willingness to accept their responsibilities in participating in school government, but in some instances they are not cognizant of their full responsibilities. They need to realize that they are the grass roots of this organization and that each student should take the responsibility of informing his student council representative of his desires and feelings concerning school activities.

8. School assembly programs should: 1. be cooperatively planned by the students and faculty and planned on a long range basis to meet a wide variety of interests and needs, 2. provide for student participation, 3. include more programs by students and student organizations.

9. A staff for the publication of a school newspaper should be organized. A suitable time and place should be provided in which students may work on publications.

10. An all time music teacher should be provided and consideration be given to the problem of making extra-class music activities available by enriching the program of those students desiring this type of activity. More music related clubs such as H. C. Club, Glee Club, etc. should be encouraged.

11. Consideration should be given to offering a dramatic club and a debate club as a means of expanding dramatic and speech activities.

12. At the present time only 39 percent of the students participate in the school day in the participation in clubs and activities is one good way students learn, we recommend that the activity program be explained to include more students. All students could be encouraged to belong to at least one club.

13. A study should be made to determine the possibility of providing an activity period during the school day in order to give all students an opportunity to hold membership in some club.

14. The teachers who are participating in the activities program are doing a fine job. We recommend that more teachers be involved in the activities program and all teachers carry an equal part of the extra-class duties.

15. There is a need for more co-educational social activities to facilitate wider participation and planning on the part of the students. This applies to the community as well as the school.

16. The committee is aware of the plans for a separate junior high school campus to be developed very soon. However, until such time this becomes a reality more consideration should be given to meeting the needs of the junior high youngsters through a more comprehensive student activities program.

The only club open to seventh and eighth grades are the Pep Club and the Library Club. There is a need for more physical activities for girls. You are to be commended on the fact that near-future plans are being to increase these activities. The committee would recommend that these plans be studied further and instituted as soon as this is feasible.

18. Students should be included and instructed in the financial operations of the activities program.

19. We recommend that an intra-mural program for girls be instituted and that the program for boys be expanded.

20. Consideration should be given to starting a school-centered community recreation program, operating the full year. Joint use of school and city recreational facilities should be encouraged.

21. The visiting committee feels that the pupil activities program should provide personal and social experiences, which supplement and enrich the classroom activities. It is recommended therefore that some additional subject matter related clubs be added such as Science Club, Math Club, Foreign Language Club, Nurses Club, etc.

SB Little Major League Ends Season

The baseball season ended here last night for boys in the 12 to 16 age group with the All Star Game and a big feed that was enjoyed by all. If there was any sadness it was not in evidence as the boys devoured wieners, marshmallows, and watermelons.

In the game, South Bay Growers the league champions, have nothing to be ashamed of even though they took a 16 to 7ouncing from the All Stars who were loaded to the limit with power at the plate. Errors played a big part in the final score, but the Stars only out hit Growers 11 to 7. From that the true baseball fans can get the real picture of the game.

Take away some of the mistakes from both teams and you will get a much closer game. But errors happen in the big leagues, so they are to be expected in games like this one also.

There can be no heroes singled out as all the boys gave it all they could in the old effort to win. The All Stars was a team of 15 boys picked 5 each off of the other three league teams, South Bay Lions, Sugar Mill Local 2152, and Power Gas Corporation.

The season has to be termed a big success as it was enjoyed by all the players and the community. With the exception of a couple of small incidents between the players there was no hard feelings and name calling, which is the only way games should be played between boys of this age group. As to the players' temper flaring at times, this is to be expected from them and any other player who really loves the game. But the boys will forget the trouble if the older folks will stay out and let them. This could be seen last night at the party after the game as all the players were rubbing elbows and enjoying the joshing and food at the same time. Congratulations are extended to the players, parents and community for their behavior on and off the field this year.

Gale Martin Honored At Birthday Party

Mrs. Luther Martin recently honored her daughter, Gale, on her birthday with a party at the South Bay American Legion Home in South Bay. Recreation for the evening was a record player with dancing.

A beautiful birthday cake, in red and white, ice cream and punch was served to the guests, Jenny Austin, Payton Smith, Mike Roberts, Judy Amodee, Sharon Wilder, Nancy Goodbread, Barbara Nelson, Sara Poole, Bobby Stratton, Sonja Figueroa, Jody Rodes, Brenda Berryhill, James Gurganious, Homer Frasure, Walter Leathlean, Esther Leathlean, Bobby Farmer, Zelda Martin, also Linda Leathlean.

Chaperones were Mrs. Martin, Mrs. Floyd Wilder and Mrs. Edwin Leathlean.

South Bay School News

The South Bay Student Council had their final meeting Friday, June 2nd, and plan to have a ceremony in front of the school Tuesday, June 7th, a plaque with the inscription Student Council 1958-60 will be placed on the last sign in front of the school. The Student Council of 1958-60 raised over \$500 and erected the sign. The 1961 Student Council will make the dedication at this time. They have raised \$200.00 and this money will be used for stage curtains next year. The group also gave the Junior High \$30 for the purchase of baseball equipment this past spring.

The South Bay Safety Patrol had their annual camping trip at Fibesthing Creek this past weekend with about 20 boys participating. Mr. Ruler Foster, Mr. Marvin Davis, Mr. James Jackson and Mr. H. A. Ouellette were in charge of the trip.

The seventh grade is giving their annual party to the eighth grade Wednesday, June 7th. The plans are to go to the Belle Glade Swimming Pool at 7:00 p. m. for their splash party. After the splash party they will have dinner at South Bay Park. Mr. Ruler Foster, 7th grade teacher, and Mrs. Elizabeth Willis will be the chaperones. The mothers of the seventh grade students will be in charge of the refreshments.

for buying a new

JET-SMOOTH CHEVROLET

(and that's the car more people are buying!) Take those June skies and breezes. Add a spanking new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumbings and grumbings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel — as you can plainly see in those beautiful June buys he's got bustin' out all over.
